COMMUNIQUÈ

India's Premier International Exhibition & Conference Facility, Bangalore, India

An Initiative of Indian Machine Tool Manufacturers' Association

August 2018 - November 2018, Vol-XIII, Issue - 2

BIEC Hall 5 to Ignite Growth in Exhibitions and Economy

Continuing with its efforts of providing world class exhibition facilities, Bangalore International Exhibition Centre (BIEC) has expanded its infrastructure. A new state-of-the-art exhibition hall (Hall 5) measuring 17,500 square metres has been constructed. The new hall is the latest addition to BIEC infrastructure, increasing the exhibition space to around 80,000 square metres. IMTEX 2019 & Tooltech 2019 will be the first major exhibition to be held in this hall as Indian Machine Tool Manufacturers' Association celebrates 50 years of IMTEX. The new hall which is identical to Hall 4 will bring forth a number of benefits for exhibitors and business visitors alike. Leading exhibition organizers are expected to use this hall as a natural choice for their events. With the construction of Hall 5, BIEC has upped its stake as a leading venue for organizing large-scale industrial exhibitions and other events. This will also propel improvement in trade and commerce in the industry and usher economic growth for India.

Infrastructure Development around BIEC

Entry to BIEC Made Easy

Motorists will be able to gain easier access to Bangalore International Exhibition Centre (BIEC) as National Highways Authority of India, Ministry of Road Transport & Highways, Govt. of India is constructing a vehicular underpass to smoothen the flow of traffic. The underpass will enable vehicles gain an easy entry into BIEC without much hindrance along the National Highway.
